New Partners, Directors and Managers 1980

We are proud to present on these pages our new partners, directors and managers. The addition of these outstanding people to the leadership of Deloitte Haskins & Sells assures the strongest foundation for our commitment to professional excellence.

These individuals have been selected for appointment through a very competitive and demanding process. They have each demonstrated the common characteristics of a high level of professional competence, integrity and dedication to our clients and the profession. While they are alike in this respect, each individual is a distinct personality, whose unique qualities will give us that diversity of thought and opinion we need to meet the challenges of these complex times.

So it is with pride that we welcome these men and women to our management ranks with the confidence that they will continue to carry on the tradition of our firm.
